What is SNEB Student Division?

Student Division is the special 13th Division representing the interests of students pursuing undergraduate or graduate degrees, and professional certifications such as the RDN.

All Society members with a student membership are automatically enrolled in Student Division – no membership dues and it does not count as your “free division!”

Like the other divisions, our aim is to add value to SNEB membership by hosting webinars, providing networking events, and presenting the special interests of our group to Society leadership.

Discussion

We now live in a new and unusual world due to COVID-19. As we adjust to this “New Normal:”

- How have you had to change the nutrition education you provide?
- How has your own education changed?
- What challenges have you faced?
- What opportunities have arisen?

Nutrition Policy and COVID-19

Students interested in learning more about HER NOPREN COVID-19 School Nutrition Implications Working Group, the HER NOPREN WIC Learning Collaborative, or other [NOPREN Working Groups](#) are welcome to join us this summer for a first-of-its-kind six-part summer speaker series. This summer the series will focus on COVID-19 related adaptations of the key federal nutrition assistance programs. The speaker series will be designed to provide students a safe environment to learn the fundamentals of the topic, along with relevant professional opportunities in research, policy, and practice. The series will be held from 1-2pm PST/4-5pm EST on the following dates. Please email Sheila Fleischhacker for more information @ sheilafl9@gmail.com

- › June 3rd: [Series Overview](#) (link to call recording & slides)
- › June 17th: [USDA Supplemental Nutrition Assistance Program \(SNAP\)](#) (link to call recording & slides)
- › July 1st: [USDA National School Lunch Program \(NSLP\), School Breakfast Program \(SBP\), Summer Meals Program \(SMP\)](#) (link to call recording & slides)
- › July 15th: [USDA Child and Adult Care Food Program \(CACFP\)](#) (link to call recording & slides)
- › July 29th: [USDA Special Supplemental Nutrition Program for Women, Infants, and Children \(WIC\)](#) (link to call recording & slides)
- › August 12th: [US Food System Overview](#) (link to call recording & slides)

Many US federal nutrition programs have had to adapt in response to COVID-19

NOPREN (Nutrition & Obesity Policy Research & Evaluation Network) has created a COVID-19 workgroup and has free recorded calls to educate students on program responses to the pandemic:
