

**International Academy  
of Nutrition Educators**

## What is IANE membership scheme about?

NNEdPro has spent the last decade developing its think-tank, training academy and creating a strong knowledge network and network of interest. Looking forward, NNEdPro aims to leverage this momentum further, engage deeper and provide value-added benefits for members in the line with the vision and mission of NNEdPro, while building a stronger global community by developing collaborations with SNEB (United States) and Monash University (Australia). NNEdPro's membership scheme is known as the International Academy of Nutrition Educators (IANE).
