Session Title

Credit Hours

A Look Inside the Dietary Guidelines: Understanding the Science and Application	1.25
Accelerating Progress by Incorporating Equity into Obesity Prevention Research, Policy, and Practice	1.25
Advancing a Vision for Equitable Nutrition Education	1.25
Advancing Resilience using PSE Approaches in Nutrition and Health: Integrating Framework, Application, and Evaluation Strategies	1.25
Beyond the Food Pantry: Building Resiliency Against Food Insecurity in Higher Education	1.25
Community Health Workers and Promotoras as Nutrition Educators for USDA's Gus Schumacher Nutrition Incentive Programs (GusNIP)	1.25
Designing Effective Face-to-Face and Online Based Nutrition Education Interventions for All: Adults, Children, Low Literacy and Food Insecure Populations	1.25
Diversity Pedagogy – Providing Racial, Cultural and Ethnic Experiential Learning to Immerse Students at a PWI and Why	1.25
Examining Race, Privilege, and Bias in Formal Education and its Impact on Real-World Community Health and Nutrition Education	1.5
Feeding our Future: Cultivating Resilience and Independence in Child Care Settings	1.5
Food as a Commons: Food Justice and Equitable Possibilities within a Sustainable Food System	1.25
Grow. Prepare. Eat: Lessons Learned from a Virtual Food Literacy Program	1.25
Improving Nutrition-Related Behaviors for Patients and Populations Through Nutrition Literacy Assessment	1.25
Let's Talk about Diversity and Inclusion: Uplifting Student Voices	1.25
Leveraging Resources and Collaborative Efforts Between Communities and Public Authorities for Food Relief and Educational Programming During the COVID-19 Pandemic	1.25
Nutrition Education Programming for Adolescents, From A to Gen Z	1.25
Nutrition in Emergencies: Lessons Learned and Opportunities Moving Forward	1.25
Promoting Older Adult Resilience: Solutions to Ageism in Nutrition Education.	1.25
Recognizing the Role of Research in Resilient and Sustainable Food Systems: Striving for Healthy People, Healthy Communities and a Healthy Planet	1.25
Reliance & Resilience: Virtuosity for a Virtual World	3
Rising Uncertainty, Anxiety, Food Dependence: Pivoting to a New Normal	1.5
Start Simple with MyPlate Resources "We Have an App for That!"	1.25
Systems Science: Modeling Obesity and Food Systems Efforts	1.25
The (R)evolution of Indigenous Food Systems of North America	1.25
The Emergency Food System During COVID-19 and Beyond	1.25
The Pandemic Effect on Global Food Security, Food Systems and Nutrition Education Practice in Low and Middle Countries	1.25
The Researcher Journey through a Gender Lens	1.25
The Resilience of Nutrition Educators: Socially Distanced but Virtually Connected	1.25
The Risk of Homemade Infant Formulas – Perspectives from the Field, Research, and Practice in Response to Recent Formula Shortages	1.25
Trauma and Resilience: Food Justice	1.25
Utilizing Community-Partnered Systems Science, Mixed Methods and Implementation Science to Promote Access to Healthy Food and Nutrition Education for Diverse Immigrant Communities	1.25
What Does a "Sustainable Healthy Diet" Mean?: Introduction to the FAO/WHO Guiding Principles on Sustainable Healthy Diets	1.25
Oral Abstracts: Higher Education	1.0
Oral Abstracts: Chronic Disease & Wellness	1.0
Oral Abstracts: Working with Federal Assistance Programs: SNAP- Ed & EFNEP	1.0
Oral Abstracts: School Age Children/School-Based Programs	1.0
Oral Abstracts: Early Childhood Care & Education	1.0
Oral Abstracts: Food Security	1.0
Oral Abstracts: Food Systems & Food Environment	1.0
Oral Abstracts: Research Methods	1.0
Oral Abstracts: Food Security (2)	1.0
Oral Abstracts: Research Methods & Food Systems	1.0
Oral Abstracts: Early Childhood Care & Education and School-Based Programs	1.0
Oral Abstracts: Digital Media & Communications & Food Systems & Food Environment	1.0
